## **Hempfield Resident**

8 years

## **Education / Experience**

- B.S. Marketing, York College of Pennsylvania, 2001
- Business Consultant
- District/Regional Sales Manager
- National Director of a Consulting Team (current)
- PIAA Basketball Official

## **Reason for Serving / Educational Philosophy**

Having automatic investment within the district with 4 young children, if I have the opportunity and capability to enrich various aspects of Hempfield School District for the students of HSD, employees of HSD as well as for the entire community, I find it my responsibility to do so. With education being a lifelong journey, it is incumbent upon us to ensure we develop as solid of a foundation as possible to help prepare our children for the quickly-changing and demanding world they will need to navigate throughout their lives.

## **School Board Committees Served (past & present)**

- Buildings & Grounds Committee
